Fundamentals of Artificial Intelligence and Knowledge Representation – Module 4

Prof. Federico Chesani – 13th of June, 2022, Round A

Available time: 30 min. for submitting the essay

1) The candidate is invited to describe the Prolog "vanilla" meta-interpreter, commenting the meaning of each clause, and providing a short example of a meta-interpreter (possibly different from the usual Prolog SLD resolution strategy).

2) The candidate is invited to shortly describe the RETE algorithm.

Fundamentals of Artificial Intelligence and Knowledge Representation – Module 4

Prof. Federico Chesani – 13th of June, 2022, Round A
